

PARTNER OFFER

ALKISS/YOUNG WATER PACKAGES

YYoung is proud to offer a corporate package to all of the participants in the Ride to Conquer Cancer presented by Wheaton Precious Metals. The package has an annual dollar amount credit to be used up; any credit amount exceeded will be billed separately. **With every purchase of a corporate package, 50% of the proceeds will be donated back to the BC Cancer Foundation.**

CORPORATE PACKAGES

Option One (Value of \$900)*

- 100 five gallon alkiss water bottles Bpa free (minimum three bottles/delivery)
- H/C water dispenser (12 months rental) or x2 Point of Use (POU) multi-stage filtration dispenser (12 months rental)

Suggested consumption serves 10 to 20 people.

If service for any option is continued after one year:

- For bottled water, deliveries at \$7 per bottle (BPA-free). The monthly water dispenser(s) fee is waived with minimum of three bottles/month delivery per dispenser.
- For the point of use (pou) multi-stage filtration dispenser, starting from \$24.95 per month for purified water, and inquire about our alkaline water dispenser also available.
- Region covered—Greater Vancouver and Fraser Valley to Chilliwack.

Alkiss and YYoung can also offer coffee and tea services. For all inquiries please contact crm@alkiss.ca. For additional health services included with the above options, please visit alkiss.ca.

**For each offer: Bottle deposits are waived. \$10 replacement fee for each lost or damaged bottle. Deliveries must be made within 1 year.*

ABOUT ALKISS.CA:

We live in Vancouver and we love BC—one of the most livable places in the world. We proudly have a world-class water source, as well as the highest food safety standards. We advocate a proactive and balanced ECO lifestyle. We pursue detoxification and wellbeing. Alkiss is 100% locally owned. Alkiss Water is great-tasting, hydrating, detoxing, balancing, energizing and alkaline.

ABOUT YOUNG.COM:

YYoung Wellbeing is invested in your health. We are an innovative health care company located in Vancouver, BC. We believe in a personalized wellness approach by offering experienced and skilled practitioners within our medical clinic, customized pharmacy services, naturopathic remedies, preventative health management and lifestyle strategies.

We also offer the latest technologies in managing your health – from individualized compliance packaging solutions, integrated clinic and pharmacy software, enabling physician-pharmacist collaboration on your health, to the latest health screening devices.
